

CHIANG MAI CARDIOLOGY CONFERENCE (CMCC 27th)

11th-14th September 2025: Chiang Mai Thailand

Practical Cardiology for Real-World Challenges

Thursday 11 September 2025

10.30-12.00	FLOOR 2 GRAND LANNA BALLROOM	<p>Hypertension</p> <p>From Real World to Real Thai Hypertension Practice</p> <p>Hypertension in Children</p> <p>In-patients with high blood pressure</p> <p>Simple Protocol in Out-Patient Practice</p> <p>Hypertension in Thai Patients with very low socioeconomic status</p>
12.00-13.30	LUNCH SYMPOSIUM	
13.30-14.30	FLOOR 2 ROOM 1,2	<p>Check-up ECG, what to do next?</p> <p>QT prolongation</p> <p>PVCs</p> <p>T wave inversion</p>
	FLOOR 2 ROOM 3	<p>CVD Prevention – Challenges in real-world practice</p> <p>How to Perform a Comprehensive Cardiovascular Risk Assessment in busy clinic</p> <p>Implementing Lifestyle Interventions: Evidence-Based Advice for Your Patients</p> <p>CAC – too early, too late, too often</p>
14.30-15.00	COFFEE BREAK	
15.00-16.00	FLOOR 2 ROOM 1,2	<p>Dyslipidemia: Applying guidelines to real-world practice</p> <p>A 56-year-old man, check-up LDL 162 mg/dl, how to approach?</p> <p>A patient with ACS, how fast and furious in LDL-C lowering?</p> <p>Any challenges in choosing non-statin therapy?</p>
	FLOOR 2 ROOM 3	<p>Heart and Mind</p> <p>How to use AI to improve cardiovascular outcome</p> <p>Mental health and cardiovascular disease (ESC 2025)</p> <p>Cardiovascular health in transgender individuals</p>

CHIANG MAI CARDIOLOGY CONFERENCE (CMCC 27th)

11th-14th September 2025: Chiang Mai Thailand

Practical Cardiology for Real-World Challenges

Friday 12 September 2025

07.00-08.00	BREAKFAST SYMPOSIUM	
08.30-09.00	FLOOR 2 GRAND LANNA BALLROOM	<i>Opening Ceremony</i>
09.00-10.30	FLOOR 2 ROOM 1,2	Acute coronary syndrome: Applying guidelines to real-world practice Update guideline: AHA guideline 2025 Antiplatelet management (<i>Choice of P2Y12i, pre-treatment vs in-lab, duration</i>) Revascularization: When to use intracoronary imaging? Staged PCI: Clinical rationale and reimbursement realities Cardiac rehabilitation: How to overcome challenges?
10.30-11.00	COFFEE BREAK	
11.00-12.00	FLOOR 2 ROOM 1,2	Chest Pain in Outpatient Clinic: Practical management A 60-year-old female with exertional chest pain for 1 month
	FLOOR 2 ROOM 3	MINOCA/ANOCA/INOCA: Challenges in real-world practice MINOCA: How to overcome challenges? How to diagnose ANOCA/INOCA if invasive coronary functional testing is not feasible How to manage patients with suspected INOCA
12.00-13.30	LUNCH SYMPOSIUM	
13.30-14.30	FLOOR 2 ROOM 1,2	Pulmonary hypertension: Challenges in real-world practice Update data and perspective from the international expert: Evidence-based therapy to real-word practice: learn from the case
	FLOOR 2 ROOM 3	Aortic stenosis: Challenges in real-world practice Asymptomatic AS: Prime time for early intervention? Paradoxical low-flow low gradient: Challenges in diagnosis Latest data and future directions
14.30-15.00	COFFEE BREAK	
15.00-16.00	FLOOR 2 ROOM 1,2	Cardiogenic shock: from 2025 ACC consensus statement to practice Timely diagnosis and evaluation Pharmacological therapy: select the right vasoactive agents Mechanical Circulatory Support in Cardiogenic Shock: When, What, and for Whom?
	FLOOR 2 ROOM 3	Cardiovascular disease during pregnancy ESC 2025 guideline implementation in real-world practice Prenatal management Hypertension in pregnancy Peripartum cardiomyopathy

CHIANG MAI CARDIOLOGY CONFERENCE (CMCC 27th)

11th-14th September 2025: Chiang Mai Thailand

Practical Cardiology for Real-World Challenges

Saturday 13 September 2025

07.00-08.00	BREAKFAST SYMPOSIUM	
08.30-09.30	FLOOR 2 ROOM 1,2	AF management: Applying AF guideline to real-world practice Key messages from Thai guideline 2025 Approach a patient presenting with acute HF and first-diagnosed AF
	FLOOR 2 ROOM 3	Heart failure with preserved EF: Challenges in real-world practice HFpEF Evaluation: A Stepwise Approach from Primary Assessment to Cardiac Practical Strategies for Reducing Heart Failure Readmissions:
09.30-10.00	COFFEE BREAK	
10.00-11.00	FLOOR 2 ROOM 1,2	Acute heart failure: Case based approach Standardized approach for decongestion: Practical strategies for GDMT optimization How should we deal with functional mitral regurgitation?
	ROOM 3	OAC in challenging conditions: Case discussion Intracardiac thrombus Cancer ESRD
11.00-12.00	FLOOR 2 ROOM 1,2	Perioperative CV management for non-cardiac surgery Cardiologist – Anesthesiologist agreement Pre-op biomarker Preop QT prolongation Post-op myocardial injury
	FLOOR 2 ROOM 3	Life time journey of adult congenital heart disease: Case-based approach
12.15-13.15	LUNCH SYMPOSIUM	
13.30-14.30	FLOOR 2 ROOM 1,2	Valvular heart disease ESC 2025 guideline implementation in real-world practice Mitral regurgitation Aortic regurgitation Tricuspid regurgitation
	FLOOR 2 ROOM 3	Cardiomyopathies: Case based approach HCM Cardiac amyloidosis Cardiac sarcoidosis
14.30-15.00	COFFEE BREAK	
15.00-16.00	FLOOR 2 ROOM 1,2	Myocarditis and pericarditis: ESC 2025 guideline implementation Case-based approach in acute myocarditis Case-based approach in acute myocarditis management Case-based approach in acute
	FLOOR 2 ROOM 3	Learn from the mistakes

CHIANG MAI CARDIOLOGY CONFERENCE (CMCC 27th)

11th-14th September 2025: Chiang Mai Thailand

Practical Cardiology for Real-World Challenges

Sunday 14 September 2025

07.00-08.00	BREAKFAST SYMPOSIUM	
08.30-09.30	FLOOR 2 ROOM 1,2	Clinical Trials of 2025 that impact your practice!! CVD prevention CAD HF Arrhythmia
09.30-10.00	COFFEE BREAK	
10.00-11.00	FLOOR 2 ROOM 1,2	Arrhythmias in the ICU: Case-based approach Bradyarrhythmia Acute AF Ventricular tachyarrhythmias
11.00-12.00	FLOOR 2 ROOM 1,2	Highlight CMCC 2025
